GUIDE BOOK

K30S Series

The completion of the ergonomic design, K10

K10 is ergonomically designed to satisfy various postures and body conditions of various users regardless of region, climate, race and culture. Also, the various functions contained in various parts of K10 minimize the fatigue of neck, waist and knees that the users could feel during long time sitting.

Warning

01. Do not use the chair for the purpose other than it originally meant to be.
02. Please be advised that the warranted weight capacity of the chair is 113kgs or less.
03. If you put excessive impact on the chair while tilted, it may be damaged.
04. Leaning on unfolded chair from behind could fold the chair and lead to injuries.
05. Do not press the backrest while someone is seated on the chair.
06. Do not push the chair when someone is seated.
07. Please do not use each chair more than two person.
08. Take care to avoid inserting your feet into the spaces of the seat.
09. Excessive weight may result in overturn and cause damage.
10. Do not put or insert your finger in to any part of the chair.
11. Do not put your finger into the gap of the chair.
12. Avoid using the product while front of the seat is lifted.
13. When seating, please do not tilt your body left/right excessively.
14. Do not use the chair for exercise such as push-ups.
15. Do not throw the chair.
16. Do not kick the chair.
17. Do not walk across the chairs.
18. Please get full knowledge for usage of the chair beforehand for more proper use.
19. We do not apply any warranty for any possible injuries, dangers and damages caused by neglect of the above warnings.
