

OVER

Medical Modular Seating

OUER Collection is a modular healthcare lounge system designed to create welcoming, flexible, and patient-centered environments. Its organic forms and configurable modules allow healthcare facilities to build inviting waiting areas that promote comfort, interaction, and efficient use of space. From hospitals and clinics to wellness centers and public healthcare facilities, OUER delivers timeless design, exceptional comfort, and the adaptability required for modern healthcare interiors.

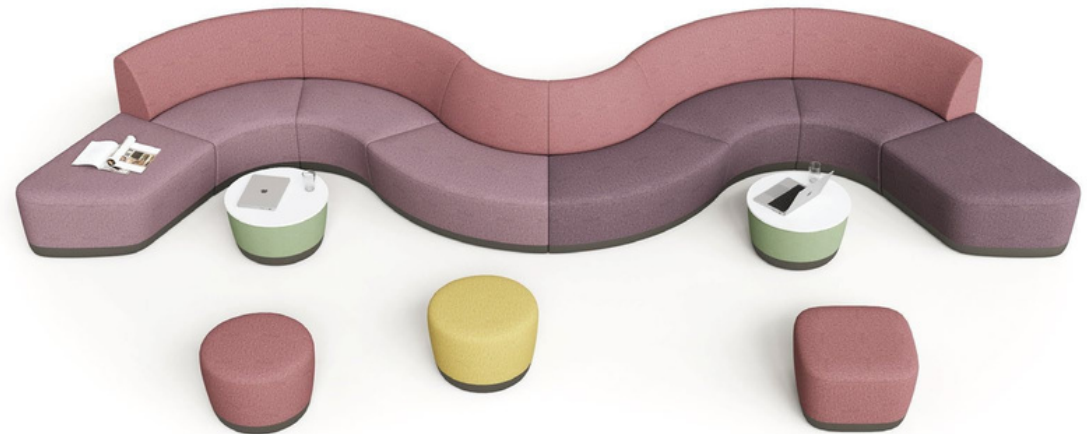

OUER Medical Modular Lounge Collection

highly adaptable modular lounge system that transforms waiting, consultation, and collaborative spaces into welcoming, patient-centered environments.

Its flexible modular design allows each seating element to be used individually, connected in continuous configurations, or arranged back-to-back to maximize space efficiency. Whether creating gentle curved layouts or clean linear arrangements, **OUER** enables healthcare facilities to easily reconfigure their interiors as patient flow and operational needs evolve.

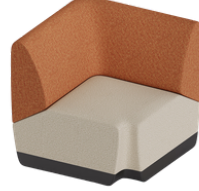

With USB charging port, you can open the charging mode
