Lumora HealthCare

Designed Around People

LUNO redefines healthcare seating through a balance of contemporary form and welcoming comfort. Its gently contoured backrest, supportive seat, and integrated wooden armrests create an inviting seating experience. Every detail contributes to a more human-centred environment, where comfort and design work together.

“ Thoughtfully designed
for the people who matter most ”

“ Timeless design
for evolving healthcare spaces ”

Modern Elegance. Natural Warmth.

Defined by clean lines, soft curves, and the natural character of wood, LUNO brings a refined residential aesthetic into professional healthcare spaces.
Its understated silhouette complements contemporary interiors, creating an atmosphere that feels calm, welcoming, and considered.

LUNO

LUNO features a sculpted backrest with flowing contours that create a distinctive visual identity.
The contrast between its upholstered surfaces and streamlined wooden frame brings softness and structure into perfect balance.
The result is a chair that feels modern, looks refined, and integrates naturally into its surroundings.
